**Payment:** Cash or Check after hand out of budget. No deferred payment.

For a small additional fee we can create two budget versions, for example one for 35mm, one for HD, or just two different budget sizes for same project.

The more info (shooting days, cast size, etc.) we get on your movie upfront the more detailed we can do your budget. Before we can start creating your budget we need you to send us your script (print out).
